

LISOTOP 700

Anti-graffiti impregnating agent

The green power
for your surface

CHARACTERISTICS

LisoTop 700 forms a sacrificial protective coating which is removed during the cleaning process. Facilitates graffiti removal.

- Low gloss after drying
- Water-repellent effect on treated surface

PRODUCT DESCRIPTION

LisoTop 700 forms a temporary coating which is destroyed along with the graffiti during the cleaning process.

This waterproofing product has a minor influence on water vapor permeability, low gloss after drying and is solvent-free.

After graffiti removal, a new coat of LisoTop 700 should be applied to protect the cleaned area.
